---

## Professional Summary

Frontend Developer with a strong focus on creating responsive and visually appealing web applications. Proficient in JavaScript, React.js, Vue3, Vuetify, and TailwindCSS, with a solid foundation in HTML, CSS, and web performance optimization. Experienced in designing intuitive user interfaces, implementing seamless user experiences, and optimizing web pages for fast load times and cross-device compatibility. Skilled in working with RESTful APIs, ensuring clean code, and delivering tailored frontend solutions in collaborative environments.

---

## Skills

### Programming Languages:

JavaScript, TypeScript, Python, Java, SQL, C++, C#, HTML, CSS

### Frameworks and Libraries:

React.js, Node.js, Spring Boot, Angular.js, .NET, Vue3, Vuetify, TailwindCSS, Pinia

### Database Management:

MySQL, Oracle, PostgreSQL, MongoDB

### Version Control:

Git, GitHub, Bitbucket

### Other Tools:

Oracle NetSuite, RESTful APIs, CI/CD, WordPress, MS Office, Troubleshooting, System Optimization

### Languages:

Cantonese (Native), Mandarin (Fluent), English (Fluent)

---

## Certifications

NetSuite Certified SuiteFoundation, November 2023

---

## Work Experience

### Frontend developer Trainee

Aloft Tech Limited — November 2024 - Present

- Developed dynamic user interfaces using Vue3, Vuetify, and Pinia, focusing on building responsive, user-friendly applications.
- Utilized TailwindCSS to design visually appealing layouts with a utility-first approach, ensuring responsive designs that adapt seamlessly across devices.
- Applied HTML and CSS to structure and style web pages, maintaining clean, semantic markup for accessibility and SEO optimization.
- Optimized web applications for performance, ensuring fast load times and smooth user interactions.

### Associate Consultant

Introv Limited — August 2023 - September 2024

- Managed database configurations, system customization, and process optimization to meet client needs.
- Integrated third-party services via RESTful APIs.
- Collaborated with cross-functional teams to understand requirements and deliver effective software solutions.
- Provided technical support and troubleshooting related to NetSuite implementations.

### Information Technology Support Role

Primetech Technology Limited — June 2022 - August 2022

- Identified and resolved IT hardware/software issues.
- Performed system installations and hardware upgrades.
- Managed IT inventory and performed testing to ensure smooth deployment.

---

## Projects

### Java ATM System

- Built an ATM system using Java with GUI libraries like JavaFX and Swing.
- Designed custom components to enhance user experience.
- Improved code functionality through debugging and optimization.

### **C++ Puzzle Game**

- Developed a logic-based game, requiring problem-solving and algorithmic design.
- Used Git for version control and effective team collaboration.
- Managed debugging to ensure seamless gameplay.

### **Vehicle Tracking System**

- Designed a REST API for tracking vehicle details and site visits.
- Ensured reliable database integration with MongoDB.

### **Food Ordering Application**

- Developed a feature-rich food ordering platform using the MERN stack.
- Implemented secure payment functionality with Stripe.

---

## **Education**

### **Associate Degree in Information Technology**

Hong Kong Community College (HKCC) — September 2021 - 2023

GPA: 3.09

Relevant Coursework: Data Structures, Computer Networking, Object-Oriented Programming (OOP), Database Systems, Algorithms

### **HKDSE Examination**

Pok Oi Hospital Tang Pui King Memorial College — September 2008 - September 2014

---
